

UCSF Benioff Children's Hospital San Francisco Outreach Program Presents:

Perinatal Nursing Care

Wednesday April 27th, 2016

Registration 8:15 am, Program 8:30 am-3:00 pm

Mendocino Coast District Hospital 700 River Drive Fort Bragg, CA 95437 in Redwoods Room

Intermittent Auscultation

Speaker: Tekoa King, CNM, MPH

At the conclusion of this program, participants will be able to:

- ◆ Review the definition of IA
- ◆ Understand the standards of intrapartum monitoring with IA
- ◆ Identify which fetal heart rate patterns are detectable with IA
- ◆ Examine the benefits, limitations and recommendations for use of IA

Identifying Maternal Early Warning Signs (MEOWS)

Speaker: Valerie Huwe, RNC-OB, MS, CNS

Upon completion of this program the participant will be able to:

- ◆ Identify specific vital signs and blood loss parameters that are warning signs of impending maternal decline
- ◆ Emphasize the importance of clinical assessment and communication to heighten perinatal staff awareness
- ◆ Explore experiences from perinatal nurses when caring for women who have unexpected decompensation
- ◆ List care giver strategies that promote healthy coping when childbirth involves severe morbidity or death

Caring for Pregnant Women with Complex Social or Psychological Issues

Speaker: Valerie Huwe, RNC-OB, MS, CNS

At the conclusion of this program, participants will be able to:

- ◆ Review historic and current caring theories
- ◆ Discuss research studies that explore stigma for certain patient populations
- ◆ Identify nursing strategies to optimize care for these patients
- ◆ Explore nurses' coping mechanisms and self-care strategies aimed to relieve burden and stress
