

Simulation & Team Training for Obstetric Emergencies

Presented by:

The UCSF Benioff Children's Hospital Outreach Program

Thursday August 17th, 2017, 4:00 p.m. to 8:30 p.m.

Hosted by: Santa Rosa Memorial Hospital

Program Description:

This class focuses on unexpected obstetric emergencies and will allow the participants to actively engage in “hands-on” skills within the OB department. Attendees will participate in two low fidelity in situ emergency simulations as a multidisciplinary team. Each team performance will highlight the importance of role definitions and identify methods to enhance clear team communication during an emergency. Patient safety, escalation of care, and rapid response techniques aimed to reduce maternal morbidity and death will be discussed. Both simulations will be video recorded and include interactive debriefing sessions.

Objectives:

Upon completion of this program the participant will be able to:

1. Define situation awareness and explain how it impacts team performance
2. Describe a shared mental model and its importance in team work
3. List four strategies for successful team communication
4. Discuss debriefing strategies, lessons learned, and opportunities for system improvement.

Instructor:

Valerie Huwe, RNC-OB, MS, CNS

Tanya Kamka, MSN, RNC-NIC

Location:

Briefing and debriefing will take place in Conference Room B

Simulations will take place in situ in the OB department

PLEASE NOTE THAT THIS CLASS IS FOR SRM STAFF ONLY

Provider approved by the California Board of Registered Nursing, Provider Number CEP 12981, for 2 contact hours
