

S.T.A.B.L.E. Cardiac Module 2nd edition

December 15, 2026

0830 - 1600

Location: UCSF Helen Diller Family Comprehensive
Cancer Center, 1450 3rd St, San Francisco, room 160
Zoom option also available

Divided into 3 sections, the features of this presentation include the following:

- Part 1 focuses on the history and physical examination of neonates with suspected CHD.
- Part 2 focuses on the anatomic features, presentation and initial stabilization of neonates with severe forms of structural CHD.
- Part 3 discusses the S.T.A.B.L.E. Program postresuscitation stabilization modules – Sugar, Temperature, Airway, Blood pressure, Lab work, and Emotional support – and adaptations that may be necessary when caring for neonates with suspected or confirmed CHD.

Please note learners will not receive a STABLE card with this class offering.

Class will be presented by UCSF staff including: ICN Educators, Cardiology Attendings, ICN RNs & NNP, Outreach Educator, Respiratory Therapist Educator, Social Worker and Pharmacist.
