

The S.T.A.B.L.E Program 6th edition

March 21, 2025 0800 - 1700 OR

March 26, 2025 0800 - 1700

Full length class IN PERSON with mini skills stations
Washington West - 2500 Mowry Ave Anderson Conference Room

S.T.A.B.L.E. is designed for all healthcare personnel who provide care for well or sick newborns. S.T.A.B.L.E. is the mnemonic for Sugar, Temperature, Airway, Blood pressure, Lab work, and Emotional support. This is an educational program for all providers to organize care from pre-transport through the post-resuscitation stabilization period. Participants will receive STABLE cards.

*Instructors: Lara Bellingham, BSN, RNC-NIC ,
Tanya Hatfield, MSN, RNC-NIC, and Truc Nguyen RN, BSN*

The STABLE Program requires all learners to have pre-assessment questions completed prior to arriving. Due to the retirement of the 6th edition at the end of March, we are waiving the book requirement. *More details on registration page.*

*Provider approved by the California Board
of Registered Nursing, Provider Number
12981 for 8 CEs*

Free for all WHHS Staff!
